

Red Pine Scholars Program | 2024-25 Guidelines

The Red Pine Scholars Program is seeking its next class of students from low- to middle-income families in Massachusetts who have demonstrated academic excellence and are planning to attend competitive colleges as freshmen in the fall of 2024. This program is designed to support students through tuition assistance, mentoring, and other flexible financial supports. The Red Pine Scholars Program is dedicated to making college affordable for Massachusetts families and helping students reach their full potential. The program is funded by an anonymous donor and administered by The Philanthropic Initiative (TPI).

In addition to the eligibility criteria listed in the checklist below, selection criteria are based on the following key components:

- Student's potential for academic success and college choice will allow them to accomplish career goals and achieve financial stability
- Student faces challenging financial circumstances
- Student demonstrates strong character and ability to positively contribute to the Red Pine Scholars community

Program Components

- Scholarship:** A four-year, renewable, last dollar scholarship of *up to \$25,000 per year* to a competitive four-year undergraduate college in the United States. Scholarships will remain the same year-to-year unless appealed by the student. Note that scholarship amounts vary for each student, and awardees may still have subsidized and/or unsubsidized loans and federal work study eligibility included in their financial aid package.
- Advising:** Each student is paired with an adult mentor to provide advice and assistance navigating the college experience.
- Flexible Funds:** Additional funds are available to students to support enriching experiences that help students achieve their academic goals or to assist with expenses related to unforeseen circumstances.
- Events:** Red Pine hosts a series of at least three events each year to bring all students together for community building, professional skill building, and college preparation.
