Why Caregivers?

- Michigan has a rapidly growing aging population; more than 25% of our population is over age 60
- Caregivers are a large and growing part of SEMI communities
- Caregivers are an integral part of long-term care
- Caregivers make up a large part of our workforce
- Caregivers are burned out, stressed and need support
- At some point in our lives, most of us will be caregivers
Why Respite?

• Provides a short break or relief from caregiver duties

• Can lower caregiving stress

• Can link caregivers to other valuable supports and services

• Improves overall health and wellbeing of caregiver and those they care for

• Here in MI, we’re reimagining respite and increasing respite supply alternatives to better support our state’s caregivers who are essential to caring for older adults.
Exhale Workshops: Overview and Timeline
What is Exhale?

Exhale is an opportunity to reimagine respite together & receive financial support to try new ideas

- Exhale funds innovative collaborative projects that increase respite opportunities for family caregivers of older adults
- Opportunity to collaborate and think differently

Exhale has three components

1. **Training** in creative problem solving and project management
2. **Grant funding** of pilot projects or other initiatives that create respite opportunities for family caregivers
3. **Support** - TA and a Learning Community support project implementation, sustainability, expansion
